Improvements to Little Patuxent Parkway, Governor Warfield Parkway/Banneker Road Intersection Begin

ELLCOTT CITY, MD – A Howard County construction project to install pedestrian crosswalks at the intersection of Little Patuxent Parkway and Governor Warfield Parkway/Banneker Road in Columbia is scheduled to begin on or about Tuesday, September 7. The crosswalks will include white pavement markings, push-buttons and pedestrian walk / don't walk signals with numbers showing the remaining seconds to finish the crossing.

During the first phase (T-7100) of the project, a crosswalk will be installed across Little Patuxent Parkway on the east side of the intersection. Weather permitting, phase one is expected to be completed by mid October.

The second phase (T-7095) of the project will install crosswalks across the remaining three sides of the intersection. Phase two is expected to be completed by Spring 2011 and involves relocation of existing underground utilities to make room for the new pedestrian amenities.

As brief delays in traffic can be expected, single lane closures will be necessary, and flagging will be in place to direct traffic as needed.

For questions or concerns about Capital Projects T-7100 and T-7095, contact Lisa Brightwell, Public Works Customer Service, at 410-313-3440, or by e-mail to publicworks@howardcountymd.gov.
